Meet the All-New F-150

To remain the best-selling truck in America for 43 years running, F-Series engineers never rest. That's because customers never rest. Bolder than before, smarter than ever and targeted to have best-in-class capability,[1] the all-new F-150 is the ultimate tool for work and recreation. Customers will see the bold new exterior first and then be impressed with an all-new interior with more style, functionality and storage than before. Beneath the new design is the proven foundation of a fully boxed high-strength steel frame and a high-strength, military-grade aluminum alloy body. This foundation is the legacy for targeted best-in-class available max. payload[2] and trailer tow ratings.[3] It takes power to get this work done at this level and the torque-rich engine line up delivers, including the all-new 3.5L PowerBoost Full Hybrid V6 with the right balance of power and efficiency.

This is also the smartest F-150 ever. An innovative Interior Work Surface, Max Recline Seats,[4] SYNC 4 with Enhanced Voice Recognition and Connected Navigation create an anywhere office for the customer. In addition, Pro Power Onboard and the Tailgate Work Surface raise the productivity bar.

This is the future of Built Ford Tough.

Meet the all-new 2021 F-150. The toughest, most productive F-150 ever, and the most powerful truck in its class.[1]

Preproduction models shown throughout. Available Fall 2020.

NEW FEATURES FOR 2021

Power and Capability

3.5L Power Boost Full Hybrid V6 powertrain

- A hybrid electric powertrain
- 3.5L EcoBoost V6 gas engine adapted for hybrid performance
- Ford-designed and Ford-built 10-speed modular hybrid transmission
- 1.5 kW-hr lithium-ion battery
- 35 kW electric motor (47 horsepower)
- Regenerative braking system
- Includes standard 2.4kW Pro Power Onboard Inverter on all models (except Limited, 7.2kW standard)

10-speed automatic transmission now standard

Adaptive Steering, standard on King Ranch,® Platinum and Limited

Additional 4x4 Selectable Drive Modes, including Deep Snow/Sand and Mud/Rut

Auto Hold

Max Trailer Tow Package now available with 5.0L PFDI V8

Pro Power Onboard:

- 2.0kW output — available on all series with gas engines (except the 3.3L PFDI V6)
- 2.4kW output — standard on all series with 3.5L PowerBoost Full Hybrid V6
- 7.2kW output — available on all series equipped with 3.5L PowerBoost Full Hybrid V6, standard on Limited with 3.5L PowerBoost Full Hybrid V6

Rock Crawl Mode is new and only included in FX4 Off-Road Package

Packages

Interior Work Surface (50M)

Tow Technology Package (17T)

Packages No Longer Available

- XL Sport Appearance Package
- STX Sport Appearance Special Edition Package
- XLT/Lariat Black Appearance Packages
- XLT/Lariat Special Edition Packages
- Lariat Bed Utility Package

Exterior

Redesigned, bumper to bumper

Active front air dam

Extended power-deployable running boards with kick-swich activation for cargo box access

Exterior mirrors (except Trailer Tow mirrors)

Headlamps, including projector beam, LED headlamps with Dynamic Bending technology and LED signature lighting

Grille designs

Power tailgate (power open and close)

Tailgate with new appearance and appliqués, clamp pockets and tie-down locations for securing extra-long items

Tailgate Work Surface

Taillamps and rear bumper

Trailer Light Check

Zone Lighting with exterior lighting controls via the center-stack touchscreen

Exterior colors added:

- Anitmatter Blue[5] (HX)
- Carbonized Gray[5] (M7)
- Guard[5] (HN)
- Kodiak Brown[5] (J1)
- Smoked Quartz Tinted Clearcoat[6] (TQ)
- Space White[5] (A3)

Exterior colors removed:

- Abyss Gray (ME)
- Blue Jeans (N1)
- Magma Red (E2)
- Magnetic (J7)
- Silver Spruce (BN)

Interior

8" center-stack LCD color touchscreen now standard

12" center-stack LCD color touchscreen standard on XLT (302A) and above

All-new instrument clusters, including a 12" digital instrument cluster productivity screen standard on Lariat and above

B&O Sound System Unleashed by Bang & Olufsen HD Radio™ with 18 speakers and Externally Coupled Subwoofer (ECS) available on Lariat, King Ranch® and Platinum; standard on Limited

Center console with stowable shifter

Instrument panel is new, including new 12" center-stack screen

Interior Work Surface

Max Recline Seats[4] available on King Ranch, Platinum and Limited

Partitioned and lockable fold-flat rear storage similar to Super Duty

Steering wheel

Wireless charging pad for compatible smartphones[7]

New interior colors:

- Medium Dark Slate on XL, XLT and Lariat
- Baja Tan on XLT and Lariat
- Carmelo on Platinum
- Admiral Blue on Limited

Features No Longer Available

3.5L high-output EcoBoost V6 engine

6-speed automatic transmission

Inflatable rear safety belts

Windshield wiper de-icer

Connectivity Technology

FordPass Connect embedded modem now standard

Over-the-air updates

SYNC 4 standard on XL and XLT

SYNC 4 with Enhanced Voice Recognition and SiriusXM® with 360L available on all models

Ford Co-Pilot360 Technology

Customer-placed trailer camera with Trailer Tire Pressure Monitoring System available on all models

Ford Co-Pilot360 2.0

- Now available on XL (101A); standard on XLT and Lariat
- Auto High Beams (std. on all F-150 models)
- BLIS (Blind Spot Information System) with Cross-Traffic Alert and Trailer Coverage
- Lane-Keeping System with Lane-Keeping Assist, Lane-Keeping Alert and Driver Alert System (std. on all F-150 models)
- Pre-Collision Assist with Automatic Emergency Braking (AEB), Pedestrian Detection and Forward Collision Warning with Dynamic Brake Support (std. on all F-150 models)
- **New** Post-Collision Braking
- Rear View Camera with dynamic hitch assist (std. on all F-150 models)
- Reverse Sensing System
- **New** Reverse Brake Assist

Ford Co-Pilot360 Assist 2.0

- Available on XLT (301A/302A) and Lariat (standard on 502A); standard on King Ranch and Platinum
- **New** Intelligent Adaptive Cruise Control with Stop-and-Go, Lane Centering and Speed Sign Recognition
- **New** Evasive Steering Assist
- **New** Intersection Assist
- **New** Connected Built-In Navigation

Ford Co-Pilot360 Active 2.0 Prep Package

- Available on Lariat (502A only), King Ranch and Platinum; standard on Limited
- **New** Active Drive Assist Prep Kit[8]
- **New** Active Park Assist 2.0

Trailer Reverse Guidance[4] added to Pro Trailer Backup Assist

---

KEY MESSAGES

Power to Go

All-new for 2021, the available class-exclusive[9] Pro Power Onboard provides 2.0kW, 2.4kW or 7.2kW of output depending on configuration. Customers can leave the generator behind with power accessible via in-cabin outlets and up to four cargo bed-mounted 120-volt/20-amp outlets with a 240-volt/30-amp outlet on models equipped with the available 7.2kW system.

Go to Performance and Capability >>

More Capable

The torque-rich powertrain lineup is the heart of the F-150 best-in-class capability.[1] Whether it's the 3.3L PFDI V6, the 2.7L EcoBoost V6, the 3.5L EcoBoost V6, the 5.0L V8, or the 3.0L Power Stroke Turbo Diesel, the F-150 powertrains are tested and ready to meet customer needs. All-new for 2021, the 3.5L PowerBoost Full Hybrid V6 delivers Built Ford Tough capability with targeted best-in-class torque and horsepower,[9] at least 12,000 pounds of available maximum towing capacity[10] and a targeted EPA-estimated range of approximately 700 miles on a single tank of gas.[11]

Go to Performance and Capability >>

New Form Meets More Function

Every exterior panel of the bold, rugged F-150 exterior has been redesigned to enhance the signature look. Up front, customers will notice all-new headlamps, 11 new dual-bar grille designs and new power dome hood. The higher front fenders lead to the profile that includes a "tucked-in" midsection, new mirror and wheel designs and new running boards, including available extended power deployable running boards with a kick switch for improved truck side cargo box access. New taillamps and all-new tailgate with new appliqués highlight the changes at the rear. The new tailgate includes standard clamp pockets and tie-downs that double as a bottle opener, and the all-new available Tailgate Work Surface.

Go to Exterior >>

First-Class Cabin

2021 F-150 interior enhancements include new colors and seat materials, a new instrument panel with a standard 8" and available 12" center-stack touchscreens. The enhanced design includes a new gauge cluster with an available 12" productivity screen. Practicality and innovation are combined with the new adaptable center console featuring a stowable shifter and Interior Work Surface that provides a flat workspace. Plus, the new B&O Sound System Unleashed by Bang & Olufsen has been designed specifically for the F-150.

Go to Interior >>

Most Connected F-150 Ever.

Customers expect the latest technology to keep them connected. The 2021 F-150 meets this expectation with many new Ford Co-Pilot360 Technology driver-assist features and broader availability of these features. Ford Co-Pilot360 2.0 is available on XL 101A and now includes Reverse Brake Assist, Reverse Sensing System and Post-Collision Braking. Standard FordPass Connect 4G LTE with Wi-Fi connectivity and Ford Telematics capability keep a customer connected. The all-new SYNC 4 with Enhanced Voice Recognition includes features designed specifically for F-150 including available information on demand screens to keep tabs on vehicle features. Plus, all-new over-the-air updates help the F-150 stay at the forefront of purposeful technology. These bumper-to-bumper updates include all-new functions and additional features throughout the life of the truck.

Go to Technology >>

Safety Matters

Safety is an essential ingredient in every Ford vehicle, especially F-150. AdvanceTrac with RSC (Roll Stability Control) employs sensors to monitor vehicle stability and help drivers maintain control in less-than-ideal conditions. AdvanceTrac includes Anti-Lock Brake System (ABS), Curve Control, traction control and Trailer Sway Control.

Go to Safety and Security >>

THE COMPETITION

The competitive comparisons will take a deeper dive to show where the new 2021 F-150 has the advantage.

Key competitors include:

- Chevrolet Silverado 1500
- GMC Sierra 1500
- Ram 1500
- Ram 1500 Classic
- Toyota Tundra

Stay tuned to eSourceBook for updates later this Fall.

PRIDE POINTS

Targeted Best-in-Class Capability[9]

- 2021 Ford F-150 is targeted to be the most capable truck in its class[1]
- 2021 Ford F-150 is targeted to have best-in-class available max. payload[2]
- 2021 Ford F-150 is targeted to have best-in-class available max. towing[3]
- 2021 Ford F-150 with the available 3.5L PowerBoost Full Hybrid V6 engine is targeted to have best-in-class horsepower and torque

Class-Exclusive[9] Standard Features

- 10-speed automatic transmission on all configurations
- Auto Hold
- Post-Collision Braking

Class-Exclusive Available Features

- 12" Digital Productivity Screen
- Active Park Assist 2.0
- Evasive Steering Assist
- Exterior Zone Lighting
- Intelligent Adaptive Cruise Control
- Intersection Assist
- Lane Centering Assist
- Max Recline Seats[4]
- Multicountour seats with Active Motion
- PowerBoost full-hybrid powertrain
- Pro Power Onboard with 2.0kW, 2.4kW and 7.2kW configurations
- Pro Trailer Backup Assist
- Stowable shifter
- Trailer Reverse Guidance[4]

---

(1) Based on projected best-in-class towing, payload, horsepower and torque. Class is Full-Size Pickups under 8,500-lbs. GVWR. Max. towing on F-150 XL SuperCrew, 3.5L EcoBoost, 4x2, Max Trailer Tow Pkg. Max. towing varies based on cargo, vehicle configuration, accessories and number of passengers. Max. payload on F-150 XL Regular Cab, 8' box, 5.0L, 4x2, Heavy-Duty Payload Package. See label on door jamb for carrying capacity of a specific vehicle. Towing and payload are independent attributes and may not be achieved simultaneously. Max. horsepower and torque with available 3.5L PowerBoost engine.

(2) Max. payload on F-150 XL Regular Cab, 8' box, 5.0L, 4x2, Heavy-Duty Payload Package. Class is Full-Size Pickups under 8,500-lbs. GVWR. See label on door jamb for carrying capacity of a specific vehicle.

(3) Max. towing on F-150 XL SuperCrew, 3.5L EcoBoost, 4x2, Max Trailer Tow Package. Class is Full-Size Pickups under 8,500-lbs. GVWR. Max. towing varies based on cargo, vehicle configuration, accessories and number of passengers.

(4) Late availability.

(5) Metallic paint.

(6) Extra-cost option.

(7) Available Qi wireless charging may not be compatible with all mobile phones.

(8) Active Drive Assist is a hands-free highway driving feature. The Active Drive Assist Prep Kit contains the hardware required for this feature. Software for the feature will be available for purchase at a later date. Active Drive Assist functionality expected in the 3rd quarter of 2021. Separate payment for feature software required to activate full functionality at that time.

(9) Class is Full-Size Pickups under 8,500-lbs. GVWR.

(10) Max. towing on F-150 XL 4x2 with Max Trailer Tow Package. Max. towing varies based on cargo, vehicle configuration, accessories and number of passengers.

(11) Targeted EPA-estimated range applies to an available trim. Actual range will vary. Final EPA-estimated ratings available later in the 2020 calendar year.

NOTE: Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

NOTE: For availability of product features, please see Availability by Model and/or the **Dealer Ordering Guide.**

Performance and Capability

When it comes to getting more done, there are no days off at the work site or the lake. The all-new 2021 F-150 takes both on with targeted best-in-class capability.[1] The high-strength, military-grade, aluminum-alloy body and torture-tested, fully-boxed, high-strength steel frame form the foundation for this capability. The torque-rich six-engine lineup provides the power to tow and haul and now includes the all-new 3.5L PowerBoost V6 Full Hybrid. Speaking of towing, the available Max Trailer Tow Package is now available with the 5.0L V8 and the new Tow Technology Package adds new Trailer Reverse Guidance.[2] Customers interested in the FX4 Off-Road Package should note the new Rock Crawl Mode is now included. Also all-new for 2021, the available class-exclusive[3] Pro Power Onboard provides the customer with a fully integrated generator with up to 7.2kW of output depending on configuration.

ALL-NEW POWERBOOST FULL HYBRID V6

The all-new class-exclusive[3] available **PowerBoost Full Hybrid powertrain** brings new levels of productivity and power to the customer. This solution seamlessly combines a proven EcoBoost engine, 47-horsepower (35-kilowatt) electric motor, regenerative braking, lithium-ion battery and Pro Power Onboard providing power in park or when in motion. This mobile generator capability meets the power demands of work and recreation. In addition, a PowerBoost-equipped F-150 offers up to 12,000[4] pounds of maximum available towing capacity. With targeted best-in-class torque and horsepower, PowerBoost will have a targeted EPA-estimated range of approximately 700 miles[5] on a single tank of gas.

THE RIGHT ENGINE FOR THE JOB

In addition to the 3.5L PowerBoost Full Hybrid V6 powertrain, the 2021 F-150 continues to offer the right engine for the right truck for the customer. Whether it's the **3.3L PFDI V6** now paired with the **10-speed automatic transmission**, or the efficient and capable **2.7L EcoBoost V6**, or the payload- and towing-minded **3.5L EcoBoost V6** and **5.0L V8**, or the **3.0L Power Stroke Turbo Diesel**, the F-150 engines are designed and tested to meet customer needs. And, for 2021 all F-150 powertrains are standard with a 10-speed transmission featuring new Selectable Drive Modes.

NEW SELECTABLE DRIVE MODES

The F-150 **10-speed automatic transmission** is designed to deliver smooth and responsive shifting, plus new Selectable Drive Modes to help handle practically any conditions — favorable or unfavorable.

- 4x2 configurations feature six modes: Normal, Tow/Haul, Slippery, Eco, Sport and Trail
- 4x4 configurations add Deep Snow/Sand Mode and Mud/Rut Mode
- New for 2021, Rock Crawl Mode is included with the FX4 Off-Road Package

PRO POWER ONBOARD

All-new **Pro Power Onboard** is available on all trim levels and provides the customer the capability to leave the generator at home and have exportable power to run tools or even an entire job site.

- 2.0kW output — available on all series with gas engines except with the 3.3L PFDI V6
- 2.4kW output — standard with 3.5L PowerBoost Full Hybrid V6 powertrain except on Limited
- 7.2kW output — available on all series equipped with 3.5L PowerBoost Full Hybrid V6 powertrain and standard on Limited with 3.5L PowerBoost Full Hybrid V6

TRAILER WITH CONFIDENCE
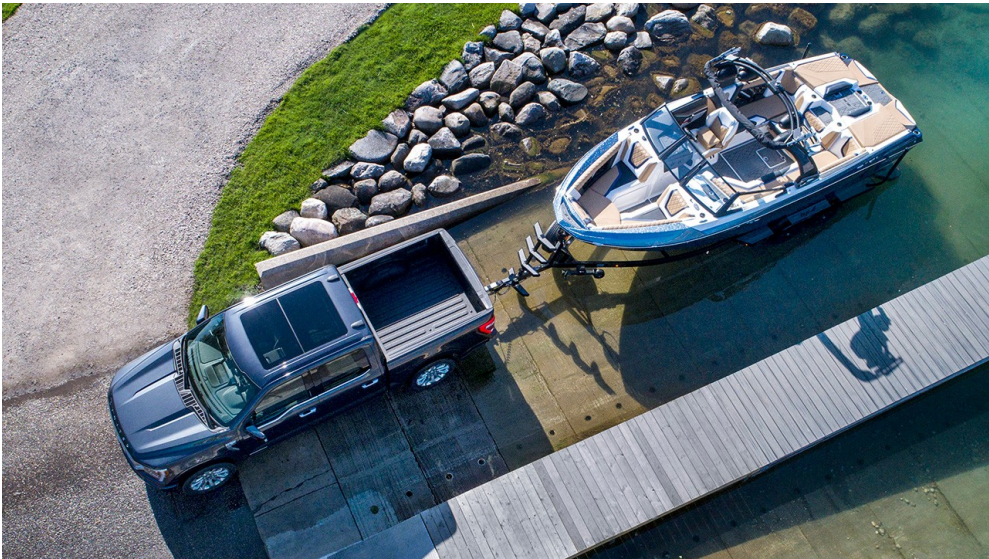

F-150 set a trailering technology standard with the introduction of **Pro Trailer Backup Assist**. Building on this foundation for 2021, new features include available **Trailer Tire Pressure Monitoring System** and customer-placed trailer camera system. Customers can tow with a little more confidence, especially with the available **Tow Technology Package** that includes new **Trailer Reverse Guidance**,[2] **360-Degree Camera**, **integrated trailer brake controller** and **Smart Trailer Tow Connector**.

THE POWER OF PACKAGES

The **Heavy-Duty Payload Package** offered on XL and XLT models includes the features needed for serious work. Key features include an increased GVWR, upgraded axle with 3.73 ratio and electronic-locking rear differential, all-terrain tires and suspension upgrades. The **Max Trailer Tow Package** is now available with the 5.0L PFDI V8 and adds Trailer Reverse Guidance. Plus, the package adds the innovative **Pro Trailer Backup Assist**. And if going off-road is in the plan, the **FX4 Off-Road Package** is a must-have for any customer.

(1) Based on projected best-in-class towing, payload, horsepower and torque. Class is Full-Size Pickups under 8,500-lbs. GVWR. Max. towing on F-150 XL SuperCrew, 3.5L EcoBoost, 4x2, Max Trailer Tow Pkg. Max towing varies based on cargo, vehicle configuration, accessories and number of passengers. Max payload on F-150 XL Regular Cab, 8' box, 5.0L, 4x2, Heavy-Duty Payload Package. See label on doorjamb for carrying capacity of a specific vehicle. Towing, payload, horsepower and torque are independent attributes and may not be achieved simultaneously. Max. horsepower and torque with available 3.5L PowerBoost engine.

(2) Late availability.

(3) Class is Full-Size Pickups under 8,500-lbs. GVWR.

(4) Max. towing on F-150 XL, PowerBoost, 4x2, Max Trailer Tow Package. Max. towing varies based on cargo, vehicle configuration, accessories and number of passengers.

(5) Targeted EPA-estimated range applies to an available trim. Actual range will vary. Final EPA-estimated ratings available later in the 2020 calendar year.

NOTE: For availability of product features, please see Availability by Model and/or the **Dealer Ordering Guide**.

Exterior

The all-new F-150 has been redesigned from bumper to bumper. On the outside, bold grille designs are flanked by all-new available signature lighting headlamps with Dynamic Bending LED technology. Aerodynamics improve with an active front air dam and redesigned mirrors. The new tailgate includes available full power operation and is a great accent to the new taillamp designs. New available extended running boards with a kick switch to lower the step improves cab and cargo box access.

ALL-NEW DESIGN AND STYLING

Up Front

- All-new model-specific grille appearances combined with the all-new headlamp design provide F-150 a planted, athletic stance
- New LED signature lighting shares a Super Duty look and feel
- All-new power dome hood carries the eye down to the headlamps, grille and fascia, for an integrated and seamless look
- New active air dam automatically raises and lowers based on vehicle speed to maximize aerodynamic efficiency

Along the Side

- The fenders feature a high shoulder that accents the power dome hood and includes a new fender badge design
- Prominent wheel arches are accentuated by a wheel lineup with 12 primary designs, ranging from 17" to 22" in size
- The signature dropped beltline at the side mirrors maintains the key F-Series DNA design cue and helps enhance visibility from the interior

At the Rear

- All-new taillamp and tailgate designs accentuate the F-150 design
- The signature low beltline design carries through to the taillamps
- Tailgate top has been redesigned with a more prominent spoiler to accentuate the profile appearance and help with aerodynamic efficiency

NEW MULTIFUNCTION TAILGATE

New customer-focused features in the multifunction tailgate take F-150 functionality to higher levels, starting with the addition of an available power tailgate which includes a tailgate step and **Tailgate Work Surface**. The new standard tailgate provides multiple features especially handy on job sites. The features include:

- Two pockets with spring-loaded covers on the top edge of the tailgate can be used to insert the lower part of a clamp to hold a board or other material
- Two tie-down brackets allow customers to secure materials with the tailgate open and double as bottle cap openers

The available Tailgate Work Surface includes:

- Flat work surface ideal for writing or working with materials
- Media holder for a smartphone
- Stamped rulers in English and Metric
- Pencil holder and cupholders

LED ZONE LIGHTING

Since work can start before the sun comes up, or last until the sun goes down, F-150 now offers new available **LED Zone Lighting**. As the name implies, Zone Lighting allows the customer to control the exterior LED lighting. The customer can choose to have any combination of four zones On, or Off via the FordPass app or from the center-stack touchscreen.

MAKING WORK EASIER

F-150 continues to offer innovative features ready to make customers' lives easier. The **BoxLink™** system provides instant cargo bed flexibility with cleats that snap easily into structurally reinforced mounting plates to provide tie-down bases for bungees, hooks or straps. Or, BoxLink can be used to hang the available stowable loading ramps when not in use. And for improved access to the bed, available full-length extended power running boards with a kick switch to lower the step for better truck-side cargo box acess — or the available pull-out tailgate step which provides a convenient handle and step at the rear of the truck to help customers step into the bed.

NOTE: For availability of product features, please see Availability by Model and/or the **Dealer Ordering Guide**.

Interior

Every detail of the all-new F-150 interior was examined with the truck customer in mind. The result is materials and color choices that are more upscale. There is more storage, more comfort and more functional real-world features. The new instrument panel now includes standard 8" and available 12" center-stack color touchscreens. The enhanced new steering wheel and gauge cluster with an available 12" productivity screen keep the driver informed. Practicality and innovation are combined with the new center console featuring a stowable shifter and available Interior Work Surface. Topping it off, the new B&O Sound System Unleashed by Bang & Olufsen has been designed specifically for the F-150.

INTERIOR WORK SURFACE

The all-new **Interior Work Surface** makes living and working in the cabin easier with a large, flat deployable surface ideal for signing documents, working on a laptop or just enjoying a lunch break. Available in both bench and captain's seat configurations from XL to Limited.

NEW MAX RECLINE SEATS

Max Recline Seats[1] fold flat nearly 180 degrees to provide more comfort during downtime. These front seats are available on King Ranch,® Platinum and Limited.

CENTER OF ATTENTION

XL and XLT now come standard with the 8" center-stack color touchscreen. New for 2021, XLT 302A and above feature a standard 12" center-stack color touchscreen designed for real-world truck customers. The large, landscape-oriented display allows for split screen app or feature viewing.

An all-new **12" digital instrument cluster** productivity screen is standard starting with Lariat. This screen features impressive graphic displays and animations. In addition, the screen is formatted based on the chosen Selectable Drive Mode and displays truck data and off-roading information, as well as turn-by-turn navigation.

LOCKABLE STORAGE

Available lockable, fold-flat, dividable storage extends the width of the interior under the rear seats and allows for safe storage of valuables. Great for long items like hunting gear, fishing rods or blueprints.

(1) Late availability.

NOTE: BANG & OLUFSEN© 2020 and B&O© 2020. BANG & OLUFSEN™ and B&O™ are registered trademarks of Bang & Olufsen Group. Licensed by Harman Becker Automotive Systems Manufacturing Kft. All rights reserved.

NOTE: For availability of product features, please see Availability by Model and/or the **Dealer Ordering Guide**.

Technology

For 2021, F-150 is more connected to the customer than ever. There are many new Ford Co-Pilot360 technology features offered on F-150, starting with Ford Co-Pilot360 2.0. Ford Co-Pilot360 Assist 2.0 and the Ford Co-Pilot360 Active 2.0 Prep Package Technology introduce new features such as Evasive Steering Assist, Intersection Assist, Speed Sign Recognition, Active Park Assist 2.0, and the Active Drive Assist Prep Kit.[1] New SYNC 4 technology offers available Enhanced Voice Recognition and Connected Navigation, and can connect wirelessly for Apple CarPlay® and Android Auto™ compatibility.

UNDERSTANDING FORD TECHNOLOGY

To help understand and better present Ford Technology, this section is divided into two primary categories.

Ford Co-Pilot360 Technology — Driver-assist features designed to help owners increase their confidence behind the wheel.

Connectivity Technology — In-vehicle features that elevate the ownership experience, including SYNC 4 with Enhanced Voice Recognition and Connected Navigation, FordPass Connect and Ford+Alexa.

FORD CO-PILOT360 2.0

Ford Co-Pilot360 2.0 is the suite of driver-assist technology standard starting on XLT and available on XL that help to drive in command. These features include:

- **Auto High Beams** — standard on all F-150 models
- **BLIS (Blind Spot Information System) with Cross-Traffic Alert and Trailer Coverage**
- **Lane-Keeping System** with Lane-Keeping Aid, Lane-Keeping Alert and Driver Alert System — standard on all F-150 models
- **Pre-Collision Assist with Automatic Emergency Braking (AEB)**, Pedestrian Detection and Forward Collision Warning with Dynamic Brake Support — standard on all F-150 models
- **Post-Collision Braking**
- **Rear View Camera with dynamic hitch assist** — standard on all F-150 models
- **Reverse Brake Assist**
- **Reverse Sensing System**

FORD CO-PILOT360 ASSIST 2.0

In addition to the Ford Co-Pilot360 2.0 features, F-150 Lariat 502A, King Ranch,® Platinum and Limited add an extra level of vehicle technology with Ford Co-Pilot360 Assist 2.0. This suite of features is also available on XLT and Lariat 500A/501A. Features include:

- **Connected, Built-In Navigation**
- **Adaptive Cruise Control with Stop-and-Go, Lane-Centering and Speed Sign Recognition**
- **Evasive Steering Assist**
- **Intersection Assist**

FORD CO-PILOT360 ACTIVE 2.0 PREP PACKAGE

The all-new Ford Co-Pilot360 Active 2.0 Prep Package is designed to help reduce stress while driving on a highway and in parking situations. The features included are:

- **Active Drive Assist Prep Kit**[1] provides additional radar and a driver-facing camera that will enable hands-free driving when software is available
- **Active Park Assist 2.0** takes over the steering, shifting, braking and acceleration in order to navigate parallel or perpendicular parking spaces

SYNC 4 WITH ENHANCED VOICE RECOGNITION

SYNC 4, new and now standard on every F-150 for 2021, includes twice the computing power of the previous generation. SYNC 4 with Enhanced Voice Recognition includes conversational commands and Connected Navigation. Customers will appreciate cordless smartphone pairing, Apple CarPlay®[2] and Android Auto™[2] compatibility, and SiriusXM® now with new 360L capability.

In addition, the available 12" landscape-style LCD touchscreen in the center stack features a split screen information-on-demand displays that can be selected by the customer.
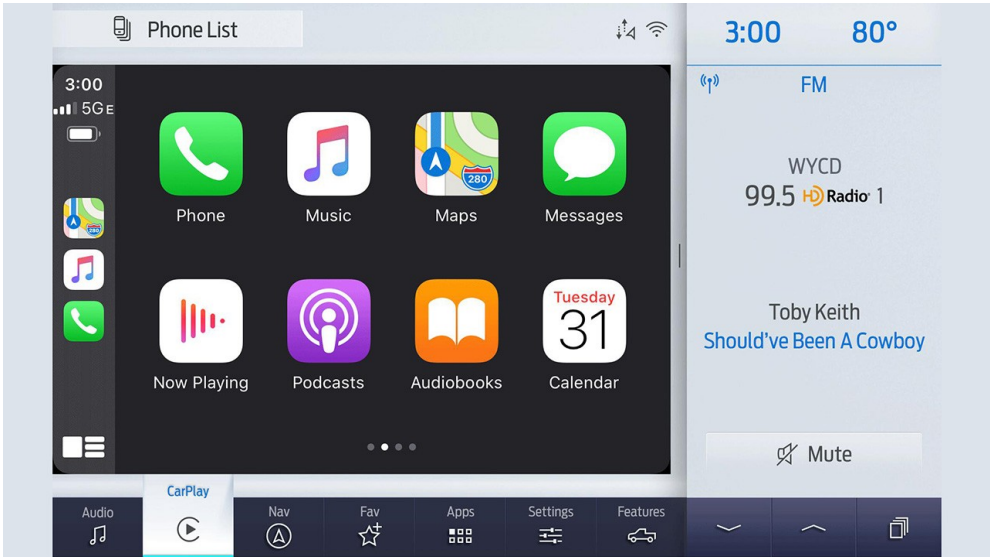

12" screen shown.

CONNECTED NAVIGATION
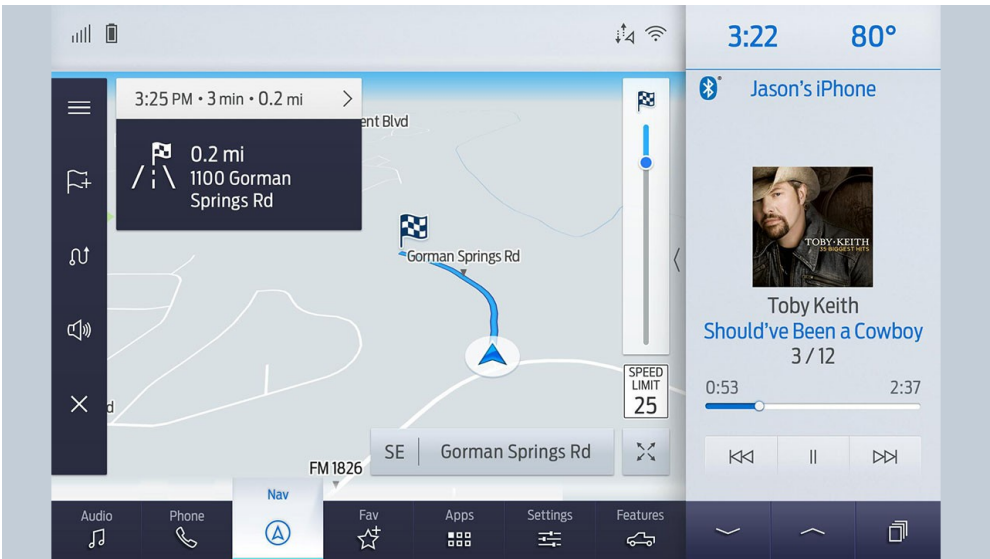

12" screen shown.

SYNC 4 with available Enhanced Voice Recognition takes advantage of the cloud to deliver a more robust — and connected — navigation experience in F-150. Navigation maps on the SYNC screen rely on internet input to provide the latest info on traffic and construction zones in addition to directions. The system regularly refreshes to capture the latest possible developments along the driver's route.

OVER-THE-AIR UPDATES

The all-new F-150 includes over-the-air updates, helping the F-150 stay at the forefront of purposeful technology. These updates are bumper-to-bumper, and can include all-new functions and additional features throughout the vehicle life cycle. In addition, the updates support preventative maintenance, can help reduce repair trips, provide improved performance and all work together to provide more vehicle up-time to the customer. The majority of updates will be completed in under two minutes and can be performed at times customers choose.
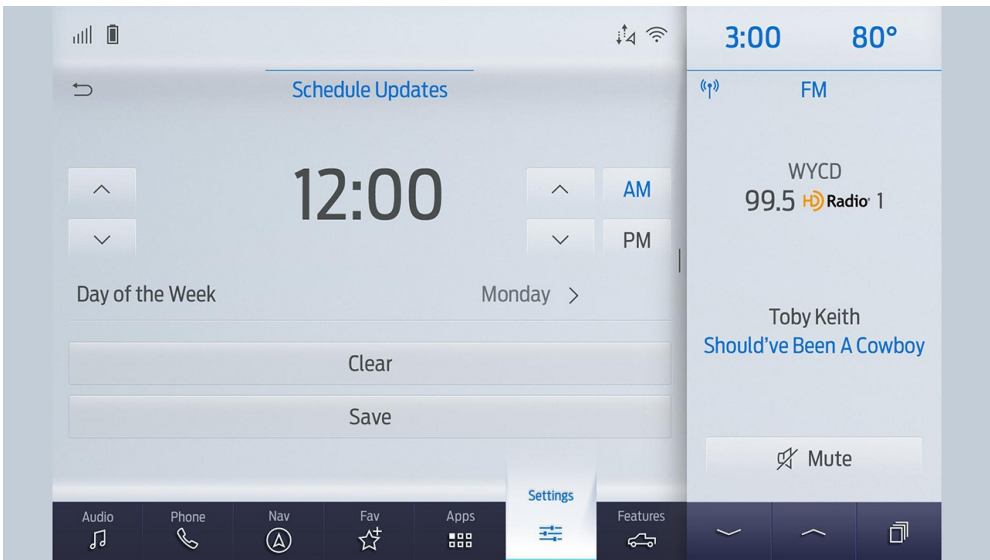

12" screen shown.

(1) Active Drive Assist is a hands-free highway driving feature. The Active Drive Assist Prep Kit contains the hardware required for this feature. Software for the feature will be available for purchase at a later date. Active Drive Assist functionality expected in the 3rd quarter of 2021. Separate payment for feature software required to activate full functionality at that time.

(2) Requires phone with active data service and compatible software. SYNC 4 does not control third-party products while in use. Third parties are solely responsible for their respective functionality.

NOTE: IPhone and Apple CarPlay are trademarks of Apple, Inc. registered in the U.S. and other countries.

NOTE: Android Auto and Google Maps are trademarks of Google Inc.

NOTE: Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. It does not replace safe driving. See Owner's Manual for details and limitations.

NOTE: For availability of product features, please see Availability by Model and/or the **Dealer Ordering Guide**.

Safety and Security

The F-150 commitment to safety is reflected in AdvanceTrac with RSC (Roll Stability Control), which combines with the Anti-Lock Brake System (ABS), Curve Control and traction control to help the driver avoid trouble. The system can automatically make braking and throttle adjustments to help the driver stay on their intended path.

DEFINING SAFETY

To help understand and better present the suite of safety features found on F-150, this section is divided into four categories.

- Accident Avoidance
- Child Safety
- Occupant Protection
- Personal Safety/Security

SAFETY RATINGS

The **Insurance Institute for Highway Safety** (IIHS) is known for their Top Safety Pick and Top Safety Pick+ ratings. IIHS has not yet tested the 2021 F-150.

The **National Highway Traffic Safety Administration's New Car Assessment Program** (NCAP) created the 5-Star Safety Ratings Program to provide consumers with information about the crash protection and rollover safety of new vehicles. 2021 F-150 has not yet been tested.

Stay tuned to eSourceBook for updates as these are ratings consumers will have an interest in.

PRESSURE RELIEF

The new available Individual Trailer Tire Pressure Monitoring System monitors all of the trailer tires in addition to the standard **Individual Tire Pressure Monitoring System (TPMS)** senses the pressure in all four vehicle tires and alerts the driver when any tire gets low. The TPMS display appears in the IP cluster, showing the pressure level in each tire.

To help keep F-150 from being stolen, Lariat models and above include the **Advanced Security Pack**, which combines the SecuriLock Passive Anti-Theft System with inclination/intrusion sensing.

NOTE: For availability of product features, please see Availability by Model and/or the **Dealer Ordering Guide**.

See label on door jamb for carrying capacity of a specific vehicle. Payload and towing are independent attributes and may not be achieved simultaneously.

NOTE: For availability of product features, please see Availability by Model and/or the **Dealer Ordering Guide.**

CNG/Propane Gaseous Engine Prep Package

AVAILABIILTY

- Optional on XL, XLT, Lariat and King Ranch® (600A only)
- Order code 98G

INCLUDES

- Bi-fuel manifold
- Hardened engine intake valves
- Hardened engine valve seats

REQUIRES

- 5.0L PFDI V8 engine
- Does not include CNG/Propane fuel tanks, lines, etc.

NOTE: Vehicle will be equipped with the standard factory gasoline fuel system. Additional equipment combined with a certified calibration reflash is required from an external upfitter to convert the vehicle to a CNG/Propane-fueled vehicle.

Ford Motor Company does not provide an exhaust or evaporative emissions certificate with this option when converted to use CNG or Propane fuel. Ford does not represent that a vehicle converted to use CNG or Propane will comply with all applicable U.S. or Canadian safety standards.

It is the responsibility of the final-stage manufacturer (body-builder, installer, alterer or subsequent stage manufacturer) to determine that the vehicle converted to use CNG or Propane complies with U.S. Federal, California or Canadian exhaust and evaporative emissions requirements, Federal fuel economy standards, U.S. and Canadian safety standards, labeling and other requirements.

NOTE: For availability of product features, please see Availability by Model and/or the **Dealer Ordering Guide.**

FX4 Off-Road Package

AVAILABILITY

- Optional on XL (101A only), XLT (300A is fleet only), Lariat, King Ranch® and Platinum
- Order code 55A
