

# 2022 F-150 LIGHTNING

## Build and Price Ordering Tool

F-Series has been Canada's best-selling line of pickup trucks for 56 years for a reason. And now, it's going electric with the 2022 Ford F-150 Lightning. It offers all the brawn and capability you need coupled with an electric powertrain that can help you work smarter and in more places.

# 2022 Ford F-150 Lightning

## Performance

With two electric motors and nearly immediate torque to the wheels, F-150 Lightning with the extended-range battery is the fastest-accelerating F-150 yet.<sup>(1)</sup> Here's the performance and capability story:

- Two electric motors (one on each axle) combine to produce heart-pounding acceleration
  - Targeted 563 horsepower and 775 lb.-ft. of nearly instantaneous torque in extended range models
  - Targeted 426 horsepower (with same torque) in standard range models
- Independent front suspension with heavy-duty shock absorbers, independent rear suspension with rear semi-trailing arm
- Stabilizer bars front and rear
- Standard Range Battery with targeted 370 kilometres of range or available extended range battery with targeted 480 kilometres of range<sup>(2)</sup>
  - Battery placement helps optimize centre of gravity and front-to-rear balance, which improves handling characteristics
- Selectable Drive Modes: Normal, Sport, Tow/Haul and Off-Road

## Capabilities

- 4x4 drivetrain standard
- Capability ratings<sup>(3)</sup> (targeted)
  - 10,000 lbs. max. towing
  - 2,000 lbs. max. payload
- Class IV trailer towing hitch standard
- Electronic-locking rear differential
- Available Intelligent Backup Power allows owners to transfer power from their truck to their house
- Enhanced Pro Power Onboard with 9.6 kW output with up to 11 power outlets available
- Available Tow Technology Package includes integrated trailer brake controller, Onboard Scales, Pro Trailer Backup Assist™, Smart Hitch, Smart Trailer Tow Connector, Pro Trailer Hitch Assist and Trailer Reverse Guidance
  - Onboard Scale shows weight being carried in the bed and front trunk
  - Intelligent Range calculates range while factoring in the weather, traffic, payload, towing weights and more

## New to F-150 Brand

- The Mega Power Frunk in every Lightning model is a 400-litre front trunk that holds up to 400 lbs. — or the equivalent of eight bags of ready-mix cement
  - Washable lining with drain
  - Standard Power up/down front hood
- Standard Enhanced Zone Lighting — four lighting areas (front, both sides and rear) that can be controlled from the available SYNC® 4A centre-stack screen or FordPass™ app

## Design

Distinctive, aerodynamic styling will set F-150 Lightning apart from the pack while maintaining the trademark F-Series look of strength and innovation.

- 5.5' cargo box on all models
- 20" and 22" aluminum wheel designs specific to F-150 Lightning trims
- Extended running boards with enhanced LED ground lighting
- F-150 Lightning-specific front-end, cargo box panels and rear-end designs, with the expected F-150 space and comfort inside the cab
- Standard Interior Work Surface in centre console area; standard Tailgate Work Surface for the workday and projects
- “Waterfall-style” hood for easier Mega Power Frunk loading, includes power open and close feature

## Technology

- Standard 360-Degree Camera
- BlueCruise hands-free highway driving feature available
- Accepts over-the-air Software Updates at owner's convenience to keep F-150 Lightning at the forefront of technology
- Ford Co-Pilot360™ Technology
  - Standard Intelligent Adaptive Cruise Control with Speed Sign Recognition
  - Standard Intersection Assist
- Available Phone As A Key (PAAK)
- Standard SYNC 4A with Enhanced Voice Recognition
  - 12" landscape-style touchscreen with swipe capability on XLT
  - 15.5" portrait-style touchscreen available with one-touch access to frequently used apps on Lariat and Platinum

(1) Targeted performance reflects current status based on analytical projections consistent with U.S. Automotive publication processes. Final performance times will be available in the 2022 calendar year.

(2) Range estimate excludes Platinum models. Based on full charge. USA EPA-targeted range reflecting current status based on analytical projection consistent with US EPA combined drive cycle. Actual range varies with conditions such as external environment, vehicle use, vehicle maintenance, lithium-ion battery age and state of health. Final EPA-estimated ratings will be available in 2022 calendar year.

(3) Requires Max Trailer Tow Package. Targeted towing capability requires Max Trailer Tow Package. Maximum towing varies based on cargo, accessories, and number of passengers. Maximum payload varies based accessories and vehicle configuration. See label on door jamb for carrying capacity of specific vehicle.

# 2022 Ford F-150 Lightning. All Electric. All F-150.
